## List of Statistical Tables

Table Number	Description
<b>Appendix A: Population Characteristics</b>	
Table A-1:	Percent distribution of population by sex, urban and rural areas, 5 years age groups
Table A-2:	Percent distribution of population by sex, sex ratio and urban (%), State/Region and District
Table A-3:	Head of households and mean household size by State/Region and District
Table A-4:	Proportion of population by selected age-groups, dependency ratios and aging index by State/Region and District
Table A-5:	Percent distribution of population by size of the household by State/Region and District
Table A-6:	Percent distribution of population aged 10 years and over by marital status by State/Region and sex
Table A-6a:	Percent distribution of population aged 10 years and over by marital status by State/Region and District
Table A-7:	Percent distribution of population aged 10 years and over by marital status, 5 years age group and sex
Table A-8:	Percent distribution of population by relationship to the head of household by State/Region and sex
Table A-8a:	Percent distribution of population by relationship to the head of household by State/Region and District
Table A-9:	Percent distribution of population aged 15 years and below by birth registration status, State/Region, urban and rural areas
Table A-9a:	Percent distribution of population aged 15 years and below by birth registration status, State/Region, and District

Table Number	Description
Table A-10:	Percent distribution of population aged 18 years and over by having a bank account, State/Region, urban and rural areas
Table A-10a:	Percent distribution of population aged 18 years and over by having a bank account, State/Region and District
Table A-11:	Proportion of population aged 18 years and over by the reason for not having a bank account, State/Region, urban and rural areas
<b>Appendix B: Education</b>	
Table B-1:	School attendance for population aged 3 years and over by sex and age group (Union)
Table B-2:	School attendance for population aged 3 years and over by State/Region, urban and rural area, sex
Table B-3:	Percentage of main reason for never attended school aged 3 years and over by urban and rural areas, State/Region, sex
Table B-4:	Percentage of population aged 5 years and over by highest level of education completed by urban and rural areas, State/Region, sex
Table B-5:	Percentage of main reason for stopped schooling by State/Region and sex
Table B-6:	Percentage of population aged 3 years and over by currently attending, level of education, State/Region, sex and District
Table B-7:	Percentage of literate and numerate population aged 15 years and over by State/Region, District and sex
<b>Appendix C: Labour Force Participation</b>	
Table C-1:	Population aged 5 years and over by labour force participation rate, unemployment rate and employment to population ratio by State/Region and sex
Table C-2:	Population aged 5 years and over by current activity status, State/Region and sex

Table Number	Description
Table C-3:	Main occupational category of employed persons aged 15 years and over by sex, urban and rural areas
Table C-4:	Main occupational category of employed persons aged 15 years and over by State/Region and sex
Table C-5:	Employed persons aged 15 years and over by major industrial category by sex
Table C-6:	Employed persons aged 15 years and over by major industrial category by State/Region and sex
<b>Appendix D: Fertility</b>	
Table D-1:	Women in households aged 10 years and over and number of births by State/Region, urban and rural areas
Table D-2:	Ever married women aged 10-49 by age at first marriage and current age by State/Region, urban and rural areas, age group
Table D-3:	Ever married women aged 10-49 by age at first live birth and current age by State/Region, urban and rural areas
<b>Appendix E: Migration</b>	
Table E-1:	Matrix of lifetime migration between State/Region by sex
Table E-2:	Population by place of previous residence, place of current residence and sex
Table E-3:	Internal migrant population by main reasons of movement from prior residence, State/Region and sex
Table E-4:	Main reasons for leaving country of international migrants by sex
Table E-5:	Type of channel for leaving the country of international migrants by country and sex

Table Number	Description
Table E-6:	Main channel used for sending money of international migrants by country and sex
Table E-7:	The amount of sending money of international migrants by country and sex
Table E-8:	Current activity status of international migrants by country and sex
Table E-9:	Highest grade completed of international migrants by country and sex
Table E-10:	Currently residing country by country, sex and age group
<b>Appendix F: Disability</b>	
Table F-1:	Population aged 5 years and over by disability status, disability prevalence rate, type of disability, age group, and sex
Table F-2:	Population aged 5 years old and over by disability status, disability prevalence rate and type of disability, State/Region and District
Table F-3:	Proportion of population aged 5 years and over with disability who participated in any community/social/religious activity in the last 12 months by sex and type of activity, State/Region
Table F-4:	Proportion of population aged 5 years and over with disability who received support in the last 12 months by sex, type and source of support, State/Region
<b>Appendix G: The Older Population</b>	
Table G-1:	Indicators of population ageing and sex ratio of older population by State/Region and District
Table G-2:	Proportion of older population who had pension, received allowance, benefits by type of pension, allowance, benefits and sex, State/Region
Table G-3:	Proportion of older population who visited a health care facility in the last 12 months by sector and sex, State/Region

Table Number	Description
Table G-4:	Proportion of older population who visited a health care facility in the last 12 months by reason for visiting a health care facility and sex, State/Region
Table G-5:	Proportion of older population who participated in any community/social/religious activities in the last 12 months by sex and type of activity, State/Region
Table G-6:	Proportion of older population who received support in the last 12 months by sex, type and source of support, State/Region

### Appendix H: Housing Characteristics

Table H-1:	Percentage of households by type of housing unit, State/Region and District
Table H-2:	Percentage of households by type of ownership of housing unit, State/Region, urban and rural areas, District
Table H-3:	Percentage of households by main source of lighting, State/Region, urban and rural areas, District
Table H-4:	Percentage of households by main type of cooking fuel, State/Region, urban and rural areas, District
Table H-5:	Percentage of households by location of cooking facility, State/Region, urban and rural areas, District
Table H-6:	Percentage of households by number of rooms in a household, State/Region, urban and rural areas, District
Table H-7:	Percentage of households by main construction material for the external walls, State/Region, urban and rural areas, District
Table H-8:	Percentage of households by main construction material for the roof, State/Region, urban and rural areas, District
Table H-9:	Percentage of households by main construction material for the floors, State/Region, urban and rural areas, District
Table H-10:	Percentage of households by availability of communication and related amenities, State/Region, urban and rural areas, District

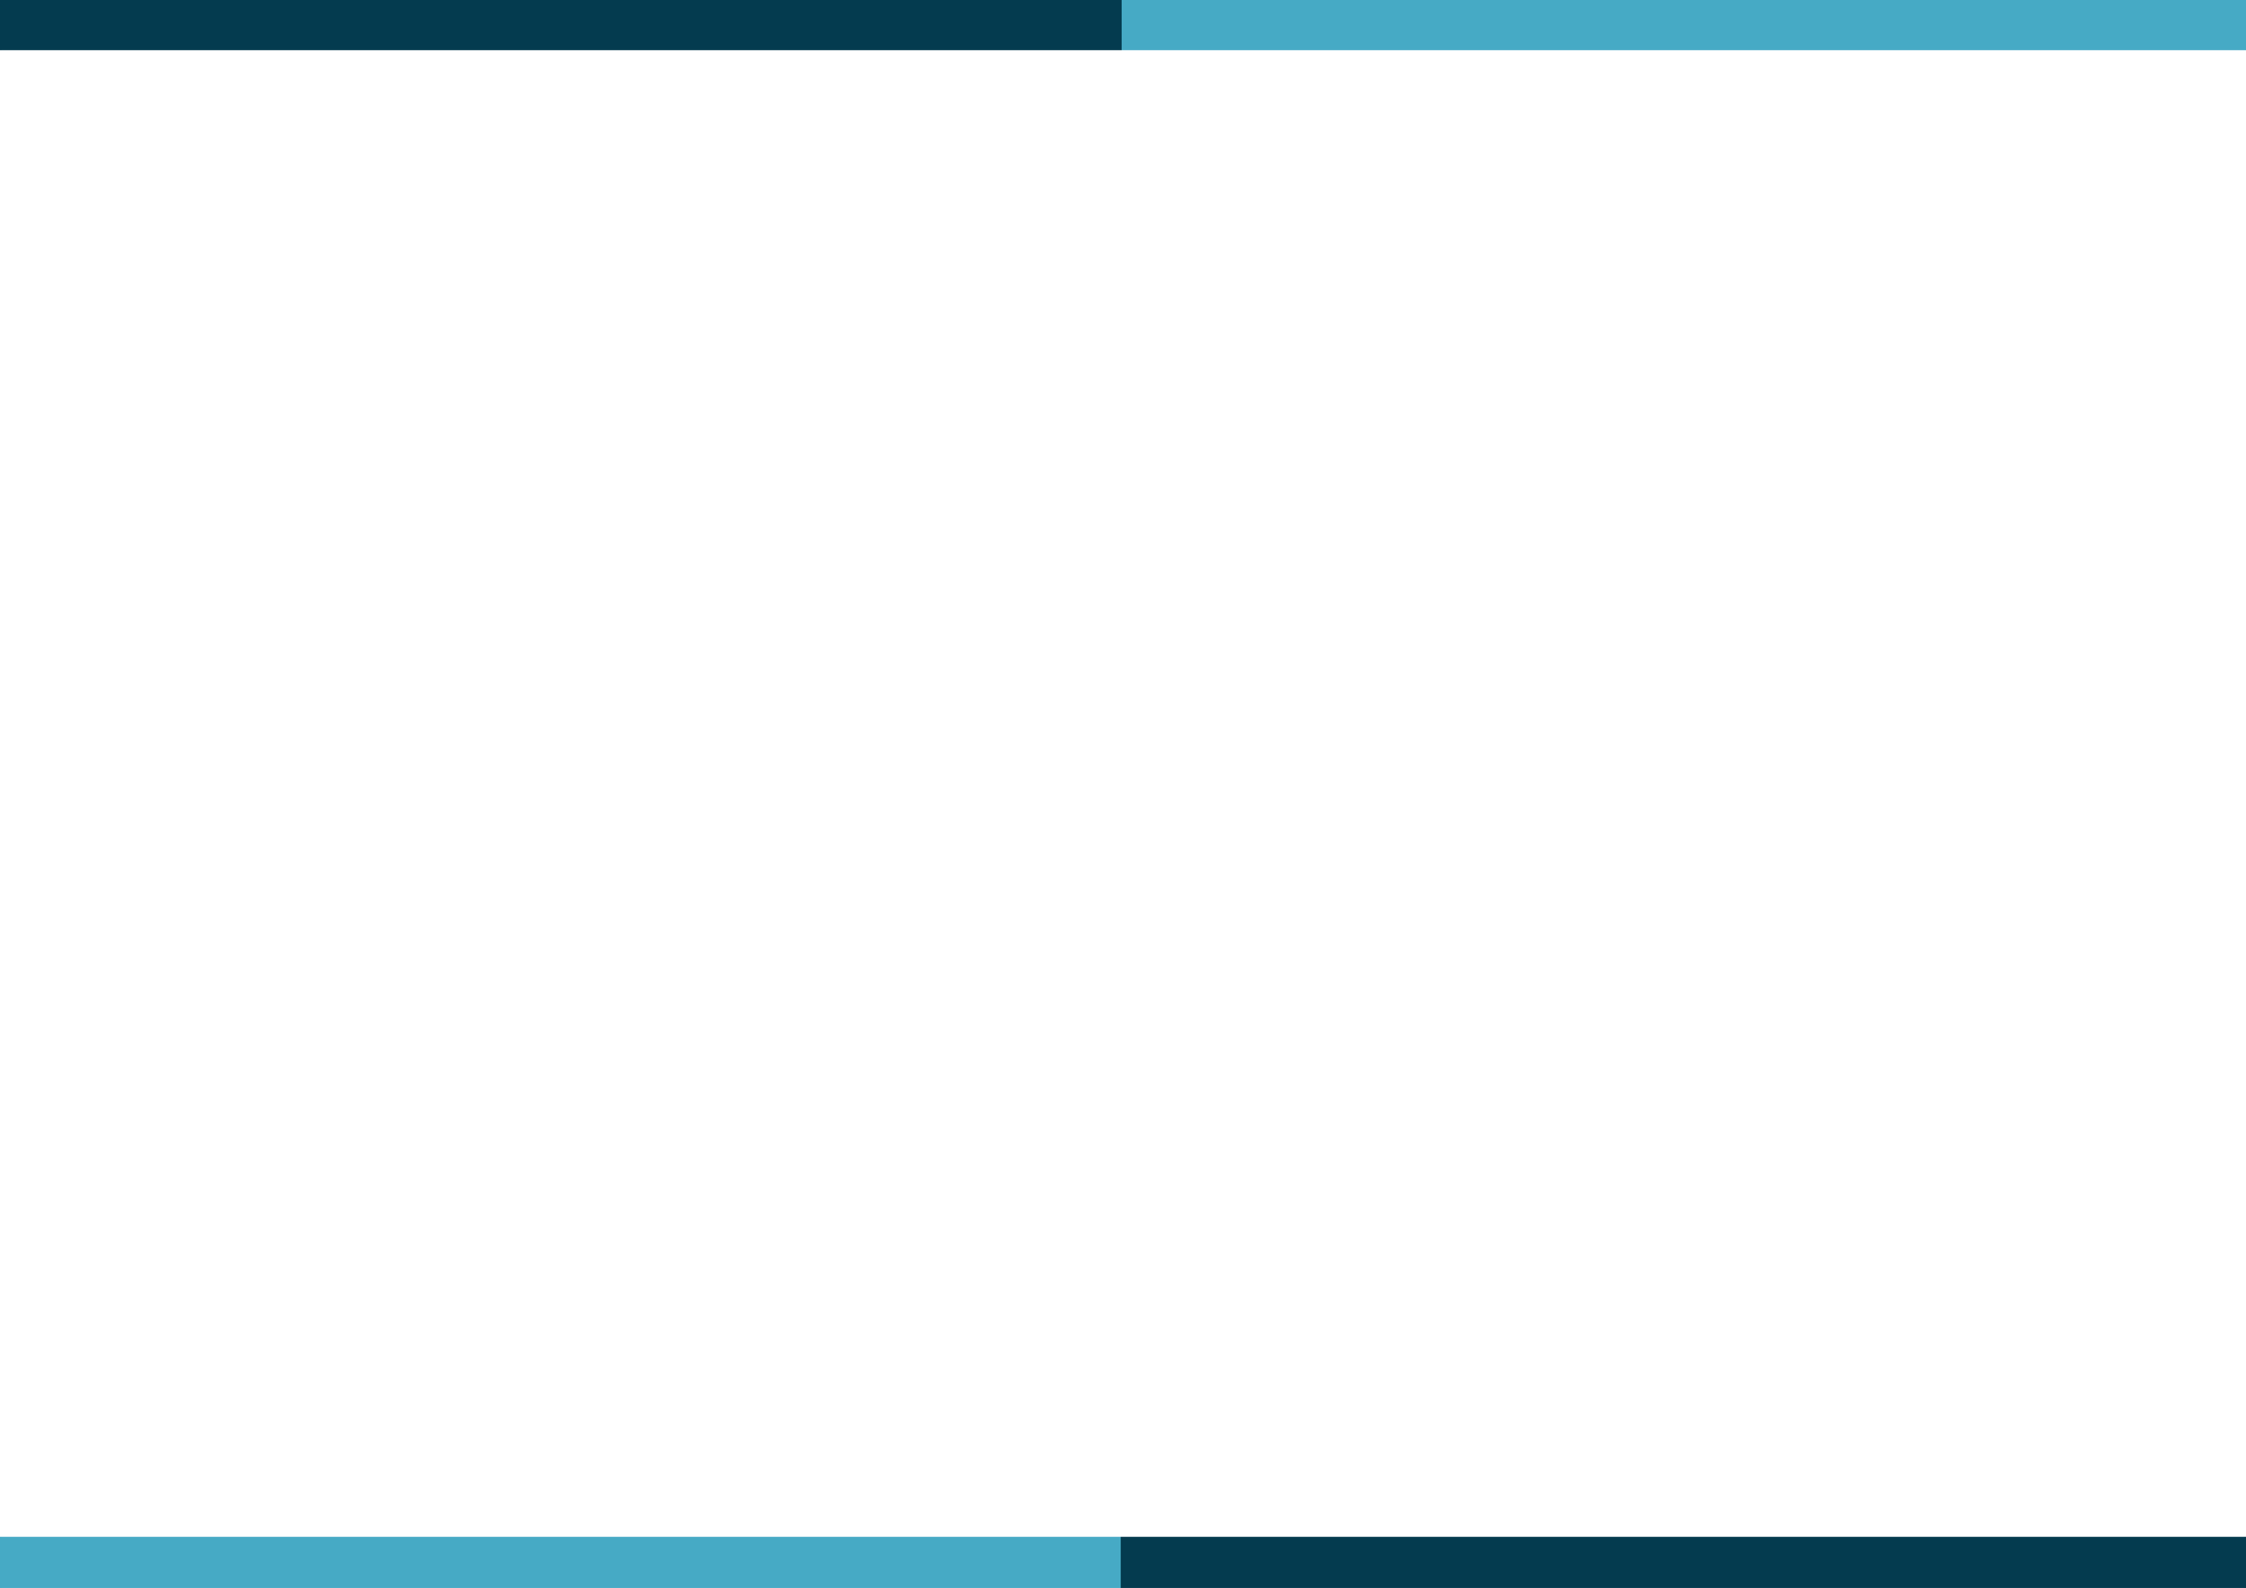

Table Number	Description
Table H-11:	Percentage of households by availability of transportation items, State/Region, urban and rural areas and District
<b>Appendix I: Water, Sanitation and Hygiene (WASH)</b>	
Table I-1:	Percent distribution of household population according to main source of drinking water and percentage of households using improved/ unimproved drinking water sources by State/Region, urban and rural areas
Table I-2:	Percent distribution of households according to time to go to source of drinking water, get water and return, for users of improved and unimproved drinking water sources and percentage using basic and limited drinking water services by State/Region, urban and rural areas
Table I-3:	Percentage of households without drinking water on premises, and percent distribution of households without drinking water on premises according to the person usually collecting drinking water used in the household by State/Region, urban and rural areas
Table I-4:	Percentage of households with drinking water available when needed by State/Region, urban and rural areas
Table I-5:	Percentage of households at risk of faecal contamination based on number of E.coli detected in household drinking water by main source of drinking water, urban and rural areas
Table I-5a:	Percentage of households at risk of faecal contamination based on number of E.coli detected in household drinking water by State/Region, urban and rural areas
Table I-6:	Percentage of households with drinking water free from E-coli (faecal contamination), available when needed, and accessible on premises, for users of improved and unimproved drinking water sources by main source of drinking water, urban and rural areas
Table I-6a:	Percentage of households with drinking water free from E-coli (faecal contamination), available when needed, and accessible on premises, for users of improved and unimproved drinking water sources by State/Region, urban and rural areas
Table I-7:	Use of improved and unimproved sanitation facilities Percent distribution of households according to type of sanitation facility used by the household by urban and rural areas
Table I-7a:	Use of improved and unimproved sanitation facilities Percent distribution of households according to type of sanitation facility used by the household

Table Number	Description
Table I-8:	Percent distribution of households by use of private and public sanitation facilities and use of shared facilities, by users of improved and unimproved sanitation facilities, urban and rural areas
Table I-8a:	Percent distribution of households by use of private and public sanitation facilities and use of shared facilities, by users of improved and unimproved sanitation facilities, State/Region, urban and rural areas
Table I-9:	Percent distribution of households with septic tanks and improved latrines by method of emptying and removal, urban and rural areas
Table I-9a:	Percent distribution of households with septic tanks and improved latrines by method of emptying and removal
Table I-10:	Percent distribution of households by management of excreta from household sanitation facilities by State/Region, urban and rural areas
Table I-11:	Percent distribution of households by observation of handwashing facility and percentage of households by availability of water and soap or detergent at the handwashing facility by State/Region and urban and rural areas
Table I-12:	Percentage of households by drinking water, sanitation and handwashing service ladders by State/Region, urban and rural areas
Table I-13:	Percentage of households by using different solid waste management services and disposal methods by State/Region, urban and rural areas

# **Appendix A**

## **Population Characteristics**
